Visit to 2012 HHMI Undergraduate Research Symposium

February 27, 2012

Instead of having a regular class meeting on Monday, February 27, you will visit the 2012 HHMI Undergraduate Research Symposium and speak to two HHMI Fellows who are presenting the results of their research. You can stop by any time between 4:00 PM and 5:30 PM. The symposium will be held in the Colonnade of the Bioscience Research Building. During your visit to the symposium, you are encouraged to read as many posters as interest you, but you are required to visit at least two. For each poster you visit, ask the HHMI Fellow to describe their research project, including its general significance. You must also ask the HHMI Fellow three questions of your own choosing. These may relate to the research itself, or can be general questions about why they got involved in research, how they feel it has benefited them, etc. Be sure to write your questions in the spaces provided below and have the HHMI Fellow you spoke to sign below as well. You need not write down the answers. When you're done, drop this form off at the symposium check-in table or bring it to class next week.

FIRST POSTER

Signature of HHMI Fellow _____

Question 1.

Question 2.

Question 3.

SECOND POSTER

Signature of HHMI Fellow _____

Question 1.

Question 2.

Question 3.
